

Cheyenne Mountain State Park Campground Rally

July 12, 13, 14 2018

13 Campsites

[Cheyenne Mountain State](#)

Opened in 2006 this large, highly-rated state park includes biking and hiking trails, picnic and camping areas in a part of the state that offers many tourist and recreational activities.

We have reserved the group campground and are planning:

- Daily happy hour/appetizers
- An opportunity to join a trail restoration crew
- Daily hikes (including on dog friendly trails)
- A guided hike by local expert
- Group pizza/salad delivered dinner and
- Sign-up sheets for a golf outing to Cheyenne Shadows Golf Club at Fort Carson and Cheyenne Mountain Zoo.

Note: There was an attempt to reserve 20 sites for this rally but a new CO State Parks reservation policy (January 2018) prohibits groups from reserving sites outside the designated group campground.

More information and online registration will be coming out in May!
